Technical Information About This Website's Accessibility

Online Assignments is committed to making our website accessible in line with the **Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018**.

Compliance Status:

This website is partially compliant with the **Web Content Accessibility Guidelines (WCAG) 2.2 Level AA** standard due to the non-compliances and exemptions outlined below.

Non-Accessible Content

Non-Compliance with Accessibility Regulations:

- Some images lack alternative text, making them inaccessible to screen readers (WCAG 2.2, Success Criterion 1.1.1). We aim to resolve this by [insert date].

Disproportionate Burden:

- Navigation: There is no "skip to main content" feature, and text resizing can cause content overlap.
- Device orientation changes are not fully supported for content viewing.

We have assessed these issues and determined that addressing them immediately would impose a disproportionate burden. These will be reassessed during our next supplier contract review.

Content Outside the Scope of Accessibility Regulations:

- PDFs and other documents published before September 23, 2018, are exempt unless essential for active services. Future documents will meet accessibility standards.
 - Live video streams are currently exempt from accessibility regulations and do not have captions.
